

## Amber Honey Cleansing Scrub

Nature's Pharma Amber Honey Cleansing Scrub is formulated with fossilized resin coming from forests of *Pinus Succinifera*, ground to a particle size smaller than 400 m. With an added glucolipid emulsifier, derived entirely from vegetable raw material; a combination of gluconate and magnesium, both of which are intimately involved in skin metabolism; and a natural surfactant concept inspired by the vegetable kingdom and more precisely by the world of fruit, our Amber Honey Cleansing Scrub has been developed as a physical exfoliant agent to accelerate skin desquamation, thus enhancing the skin's appearance by eliminating dead cells and impurities and restoring its natural shine and smoothness.

- Superficial mechanical peeling
- Eliminates dead cells and impurities
- Restores skin natural shine and smoothness

Ingredients: Purified Water, Exfo-Amber, Cetearyl Alcohol, *Simmondsia Chinensis* (Jojoba) Seed Oil, Coco-Glucoside, Honey, Sodium Cocoyl Apple Amino Acids, Xylitylglucoside, Anhydroxylitol, Xylitol, Magnesium Gluconate
