Wheat Germ Oil Soap

A revolutionary highly effective wheat germ oil derived soap for use on dry and dehydrated skin. Wheat Germ Oil Soap promotes skin cell formation, and is great for nourishing and rejuvenating dry, mature, dehydrated skin, as well as reducing scars, stretch marks, sunburns, and damaged skin. It is also an extremely effective anti-inflammatory and anti-oxidant. The all-natural soap for skin care.

Directions

Squeeze a few drops into palm of hand. Work into a lather and gently cleanse the skin. Rinse off with water.

Ingredients

Natural Wheat Germ Oil Castile, Coconut Oil Castile, Seaweed Extract, Vegetable Glycerin, Citrus Seed Extract, Phenoxyethanol, Ethylhexylglycerin.
